VST freeware - More VST freeware

= Freeware

House	Nome	Descrizione	Host
-------	------	-------------	------

4Front	4Front Bass Module	bass synthesizer	VSTi
------------------------	--------------------	------------------	------

4Front Piano Module	Piano	VSTi
---------------------	-------	------

ljasonsynth	NIN!jA MT	Synth	VSTi
-----------------------------	-----------	-------	------

FreeSonic

KlangFormer

Rebel

A0	DK1	Drums Sampler	VSTi
--------------------	-----	---------------	------

DKL

AAS	Lounge Lizard EP-1	Electric Piano clone	VSTi DXi Standalone
---------------------	--------------------	----------------------	---------------------

Tassman	Synth	VSTi DXi Standalone
---------	-------	---------------------

Abacab	Team	NLS synth	Synth	VSTi
------------------------	----------------------	-----------	-------	------

AnaMark	AnaMark LF	Synth	VSTi
-------------------------	------------	-------	------

AnaMark II

Arguru	MonoPhunk	Synth	VSTi
------------------------	-----------	-------	------

KaKa S900 Pro	Sampler
---------------	---------

Phantom	Synth
---------	-------

Appsoft	Astrobelt	Synth	VSTi
-------------------------	-----------	-------	------

Astrolead

Arturia	Storm	Virtual Home Studio	VSTi
-------------------------	-------	---------------------	------

AppSoft	Astrobelt	Synth Pad	VSTi
-------------------------	---------------------------	-----------	------

Astrolead	Synth Lead
---------------------------	------------

Axxoem	Lupah	Sample Player	VSTi
------------------------	-------	---------------	------

Trionic	Analog+Sample Synth
---------	---------------------

Trollo	Input controller
--------	------------------

AudioNerdz	Delay Lama	Monaco Tibetano Cantante	VSTi
----------------------------	------------	--------------------------	------

Audionaut	Fresh Killed Beat	Drums Synth	VSTi
---------------------------	-------------------	-------------	------

Big	Tick	Angelina	Formant Synth	VSTi Standalone
---------------------	----------------------	----------	---------------	-----------------

TickyClav	Hohner Clavinet Clone	VSTi Standalone
-----------	-----------------------	-----------------

Cheeze Machine	String ensemble	VSTi Standalone
----------------	-----------------	-----------------

Rainbow	Synth	VSTi Standalone
---------	-------	-----------------

Rhino	Monster synth	VSTi
-------	---------------	------

EP-Station	Electric piano	VSTi Standalone
------------	----------------	-----------------

Bioroid	Turntablist Lite	Turntable effect	VSTi
-------------------------	------------------	------------------	------

Bitshift	Audio	pHATmatik	PRO	Sampler	VSTi
--------------------------	-----------------------	---------------------------	-----	---------	------

pHATmatik	REX player
---------------------------	------------
